Your safety and security

- 2m Height barrier will close between 10pm - 8am.
- An electronic barrier will operate between 8am-11pm.
- Car movements are restricted outside these times.
- CCTV is in operation for your safety.
- Please drive at 5 mph at all times.
- Do not give out your barrier code or allow other guests to tailgate when entering.
- Please register all guests at reception.

Preserving the peace of the countryside

During your stay you should expect to have NO night time noise from other guests and No Radios (amplified music) at any time. We ask guests to keep noise to a minimum after 10pm and there should be no noise after 11pm.

Our friendly warden will patrol the park each evening during busy times however you can call him if you have any issues with noise or an emergency. Henley is a popular town for events, festivals and weddings so there may sometimes be fireworks and music off the park over which we have no control.
